SUMMARY

Third-year Computer Engineering student at PICT with strong interest in full-stack (MERN) development. Experienced in building responsive web interfaces using React.js and developing secure RESTful APIs using Node.js, Express.js, and MongoDB. Proficient in Data Structures, Object-Oriented Programming, and problem-solving, with a focus on building scalable and maintainable applications.

EDUCATION

Bachelor of Engineering in Computer Engineering (CGPA: 8.18/10) Pune Institute of Computer Technology (PICT)	2023 – 2027
Higher Secondary Certificate (HSC) Maharashtra State Board Result: 73.83%	2023
Secondary School Certificate (SSC) CBSE Board Result: 86.2%	2021

PROJECTS

Vidly – Movie Rental Management System (React, Node.js, Express, MongoDB)
Live Demo — GitHub

- Developed a full-stack movie rental platform with React frontend, Node.js/Express backend, MongoDB, and JWT-based authentication.
- Built 20+ RESTful APIs for movies, genres, customers, rentals, watchlists, and returns.
- Implemented rental lifecycle workflows including stock tracking, return processing, and fee calculation.
- Added watchlist synchronization using localStorage events for real-time UI updates.
- Improved reliability using Joi validation, centralized error handling, and CORS/Helmet security.
- Redesigned the frontend with responsive dark-themed UI, search, filtering, and sorting features.

ExamEdge – Secure Online Examination Platform (React, Node.js, Express, MongoDB)

- Developed a secure online examination platform using the MERN stack.
- Implemented JWT authentication and role-based access control for students and admins.
- Built anti-cheating features including fullscreen monitoring and tab-switch detection.
- Designed responsive dashboards with timer-based exams and protected routes.
- Developed RESTful APIs for exam management, result processing, and secure submissions.

SKILLS

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js

Programming Languages: C++, Python

Databases: MySQL, MongoDB

Core Subjects: Data Structures and Algorithms, Object-Oriented Programming
